* NOTE: Visitors must obtain a temporary parking permit from the Association of Oregon Counties. This permit must be placed on the dashboard of visitors' cars to prevent being towed. If the parking lot is full, there are 2-hour parking meters on the streets surrounding the building.

Federal Forest Working Group Purpose & Vision Statement

December 2014 Working Version

“The purposes of the FFWG are to:

- Advance collaboratively driven landscape-scale, active restoration of federal forest lands;
- Identify and remove policy and financial barriers; and
- Promote innovative solutions to restoration of forest and watershed health.

We will:

- Provide a forum for collaborative groups, federal and state agencies, counties, tribes, and interest groups to raise and solve barriers to accelerated restoration on federal lands (Forest Service and BLM);
- Support and contribute to maintaining and growing our innovative Federal-State Partnership that demonstrates new governance structures and ways of doing business together;
- Discuss and foster implementation of new and emerging governance structures that provide for meaningful involvement of community and collaborative leadership, including identifying the resources and conditions necessary to implement these collaborative structures;
- Articulate the need for a consistent supply of timber offered through restoration and forest management that is collaboratively supported; and,
- Work together to identify and secure increased, consistent, and/or diverse funding of collaborative approaches and implementation of landscape scale restoration projects.

These activities will restore forests, help sustain communities by creating jobs and maintaining forest-sector infrastructure, and enhance Oregon's energy independence. The IWG will initially focus on the dry, fire-prone forests found east of the Cascades and in the southern interior of Oregon.”

Stakeholders regularly participating with the [Federal Forest Working Group](#) include (in no particular order):

- Governor's Office¹
- Regional Solutions Teams¹
- Oregon Department of Forestry¹
- US Forest Service¹
- Bureau of Land Management¹
