Think **Oregon Solutions** for Project Implementation Expertise:

- People agree on a solution but need help with implementation
- Solution requires collaboration and integration of resources from multiple sectors --- government, business, and non-profit
- The governor's designation of the project and conveners would leverage resources

Think **Oregon Consensus** for Mediation/Facilitation Expertise:

- A conflict exists
- When there are different perspectives and agreement is needed about the best path forward
- A neutral forum is needed to engage parties on a contentious public policy issues
