| Entity Relationship Diagram | USFWS Sage-Grouse Site

Instructional Webinars on how to use the Conservation Efforts Database

Webinars on how to use the CED will be held on August 12, 13, 19, 20, 26, and 27 at 11:00 am Pacific time, 12:00 noon Mountain time.
Call-in information for audio:
Phone Number: 866-500-4424
Passcode 8864886#
Instructions to join webinar:
1. Click on http://www.mymeetings.com/nc/join.php?i=741054574&p=Partners&t=c
2. Enter the required fields (No passcode is necessary)
3. Indicate that you have read the Privacy Policy

Welcome Justin Welty

All fields with an * are required!
Users must complete the profile, click 'EMAIL APPROVING OFFICIAL', and be approved before data entry can begin.
Hover over field labels to display tool tips when available (Approving Official and Date Approved currently).
NOTE: Individuals working for agencies or organizations that have not yet provided their list of approving officials will be allowed demonstration access only. Please select your agency to determine if your agency has supplied offices and approving officials for our records.
If agency offices exist within the CED but no approving officials exist users will automatically default to Kathy Hollar as their approving official.

Field Office* Snake River Field Station, ID, U.S. Geological Survey

Approving Official* Justin Welty, User: jwelty, Agency: U.S. Geological Survey

Date User Approved 2014-08-18 14:35:29

TERMS OF THE AGREEMENT*

The information, documents, and other materials (collectively, "information") you submit to this website will become part of the public record and may be publicly disclosed as part of the Service's administrative record or in response to a request under the Freedom of Information Act (FOIA). If you submit personal identifying information, such as a home address, phone number, or email address, you may ask us to withhold it from such public disclosure, but we cannot guarantee that we will be able to do so under applicable law. You may ask us to withhold from public disclosure any personal identifying information you submit by promptly sending a letter that specifically identifies the information you would like us to withhold, as well as where the information is located in your submission, to the following email address: fw1sagegrouseced@fws.gov. With respect to any information you believe should be protected from disclosure as trade secret or confidential business information under Exemption 4 of FOIA, we will deem your submission of the information as your consent to publicly disclose it. Accordingly, do not submit any trade secret or confidential business information you wish to protect from public disclosure.

You will not be approved to enter data until you accept the terms of the agreement.

Activity Information for: Conifer Thinning Welty Test 2012

Effort Name*: Conifer Thinning Welty Test 2012

Effort Type*: Project

Activity*: Restoration: Conifer Removal

Subactivity*: Conifer Removal: Mixed Phase 1 and 2

Indicate all applicable metrics below

Only the "Total" metric, if applicable, is required. Additional, seasonal metrics are optional. Each seasonal metric, if available, must be less than the total metric. Seasonal metrics can overlap so the the combined total of the seasonal metrics does not have to equal the total metric (for example: Total Acres - 1000, Breeding and Nesting Acres - 600, Brood_Rearing Acres - 200, Winter Acres - 700)"

Breeding and Nesting Acres:	541	**Brood-Rearing Acres:**	344
Winter Acres:	20	**Total Acres:**	795

Threats Addressed*

Threats Selected: Conifer Encroachment, Noxious Weeds / Annual Grasses, Sagebrush Eliminatic

The 'Threats Addressed' checklist will not auto complete. Modify the threats in the checklist below

☐ Agricultural Conversion	☑ Conifer Encroachment	☐ Energy Development
☐ Fire	☐ Free Roaming Equids	☐ Grazing / Range Management
☐ Infrastructure	☐ Isolated / Small Population Size	☐ Mining
☑ Noxious Weeds / Annual Grasses	☐ Recreation	☑ Sagebrush Elimination
☐ Urbanization

Implementation Information for: Conifer Thinning Welty Test 2012

Part 1: Basic Information

1) What is the current implementation status of the activity?*:

○ Planned ○ In Progress ◉ Completed ○ N/A

2) Date Range (Confirmed or Estimated)*

Start Date*: April 5 2012 Finish Date: May 4 2013

☐ No Finish Date, In Perpetuity

3) Has the activity been deemed effective?*:

◉ Yes ○ No ○ N/A

Required: 3a. Explain why the activity was deemed effective:*

It worked very well but explain it better!

Part 2: Implementation Information

For actions not yet implemented, is there a high level of certainty that:

a. The activity will be implemented.
○ Yes ○ No ◉ N/A

b. The implementing party has the legal authority to conduct the activity.
○ Yes ○ No ◉ N/A

c. Financial, staffing, and administrative resources necessary to carry out the conservation effort are available.
○ Yes ○ No ◉ N/A

d. Regulatory and/or procedural mechanisms are in place to carry out the efforts.
○ Yes ○ No ◉ N/A

Part 2: Implementation Information

For actions not yet implemented, is there a high level of certainty that:

a. The activity will be implemented.
Yes No N/A

b. The implementing party has the legal authority to conduct the activity.
Yes No N/A

c. Financial, staffing, and administrative resources necessary to carry out the conservation effort are available.
Yes No N/A

d. Regulatory and/or procedural mechanisms are in place to carry out the efforts.
Yes No N/A

e. All Federal/State/Local legal project compliance requirements have been met or are reasonably certain to be met.
Yes No N/A

f. If voluntary participation is needed, are incentives adequate to ensure the level of participation necessary to carry out the conservation effort.
Yes No N/A

Part 3: Effectiveness Information

For actions that have not been deemed effective (e.g. programs/actions only recently implemented), does the action:

a. Describe how the conservation effort reduces the threats.
Yes No N/A

b. Provide incremental objectives and dates for achieving them.
Yes No N/A

c. Provide quantifiable performance measures to monitor both implementation and effectiveness.
Yes No N/A

d. Incorporate principles of adaptive management (e.g. a corrective management strategy).
Yes No N/A
