Purpose & Vision Statement

Initial draft changes proposed to the 2011 Purpose & Visions Statement for our work going forward:

FFAC IWG Purpose & Vision Statement:

“The IWG is focused on supporting landscape-scale, active restoration of federal forest lands by identifying and removing barriers to restoration of forest and watershed health.

We will:

- ~~1. help collaboratives identify local forest health priorities, develop landscape scale forest restoration plans, and find agreement for active management;~~
- ~~2.1.~~ coordinate an on-going working dialogue of policy considerations and changes needed to address barriers brought forward from the collaboratives; and provide a conduit to the USFS Regional Office for direction and/or support to expedite collaborative landscape scale project implementation,
- ~~3.2.~~ advocate for sustainable and predictable supply of biomass and merchantable timber, ~~and~~
3. advocate for continued funding and new supportive state and federal policy to advance these efforts, and
4. pursue a new collaborative governance structure including local collaboratives, the State and the Federal government to implement forest restoration and management activities.

These activities will restore forests, help sustain communities by creating jobs and maintaining forest-sector infrastructure, and enhance Oregon's energy independence. The IWG will initially focus on the dry, fire-prone forests found east of the Cascades and in the southern interior of Oregon."

SUGGESTIONS FOR NEW Name for the FFAC-IWG

There is a recognized need to come up with a new name for the group. Suggestions include:*

- *Federal Forest Working Group, (FFWG)*
- *Oregon Forest Restoration Partnership, (OFRP)*
- *Federal Forest Restoration Partnership (FFRP)*
- *Oregon Federal Forests Initiative (OFFI)*
- *Federal Forests of Oregon Restoration and Sustainability Team, aka, FFORST or FOrESt, pronounced "Forest".*
- *... or something else (insert creative acronym here)*

* (There isn't an apparent handy acronym to go with any of these particular suggestions.)
