

Attachment A: McKenzie Rebuilds Draft Scope and Priorities

Draft Proposal created by the project team on 2-3-22. Items under consideration as part of drafting scope and priorities are reflected on page 2.

- 1. Blue River Water and Sanitation District.** Leverage and support existing efforts.
- 2. Housing: Planning, Building, and Innovation**
- 3. Zoning and Land Use**
- 4. Economy: Planning and Infrastructure**
 - a. Building back community and tourism infrastructure
 - b. Economic sustainability planning, including development of a shared strategy and scenario planning for the upper McKenzie Valley future economy.

Items Considered in the Development of Scope and Priorities:

Items being prioritized were pulled from project team mapping completed in November and December. Final results of the impact and effort categorization are shown below. Items in bold were determined to be the highest priority during the Feb 3rd project meeting and are reflected in the draft scope and priorities. Other items polling high are indicated with an asterisk.

<p>Complex Projects</p> <p><i>High Impact</i> <i>High Effort</i></p>	<p>Blue River Water and Sanitation District Zoning and Land Use *Hazard Mitigation (landslides, floods, fires) Build back community/tourism infrastructure *Broadband for All Basketball Academy Housing - Permitting Issues Housing - Planning, building, innovation Economy (general sustainability planning) Cultural Resource Restoration Future Forest Products Economic Activity Recreation Economy</p>
<p>Easy Wins</p> <p><i>High Impact</i> <i>Low Effort</i></p>	<p>*Wastewater systems for communities (medium effort) *Reliable Cell Service (medium effort) Water Quality (medium effort) Emergency Communications (medium effort) Wastewater systems for individuals *Fish and Wildlife Protection</p>
<p>Fill Ins</p> <p><i>Low Impact</i> <i>Low Effort</i></p>	<p>Housing - financing (medium effort) Road Access Lazy Days Housing - general process and communication 5-Acre Parcel Near School (medium effort) Delta Campgrounds, River Recreation</p>
<p>Hard Slogs</p> <p><i>Low Impact</i> <i>High Effort</i></p>	<p>Seneca Property</p>

Areas better addressed elsewhere (not in Oregon Solutions process)

- *Disaster Resilience Centers*
- *Roads/landslide risk mitigation*
