Foundation Options

	1st Installation	on demo	2nd Installation	on demo	3rd Installation	TOTALS
Option 1 Strip footing w/ 36* high stem wall and wood floor system	\$33,603.44	\$5,743.01	\$29,033.44	\$5,743.01	\$29,033.44	\$103,156.34
Option 2 Slab on grade w/ strip footing and 12* high stem wall	\$28,468.07	\$14,515.03	\$28,468.07	\$14,515.03	\$28,468.07	\$114,434.26
Option 3 Slab on grade w/ thickened perimeter	\$18,664.65	\$10,272.02	\$18,664.65	\$10,272.02	\$18,664.65	\$76,537.99
Option 4 Spread Footings with Concrete Piers and steel floor system	\$29,123.00	\$10,272.02	\$14,553.00	\$10,272.02	\$14,553.00	\$78,773.04
Option 5 Helical Piers with Steel Floor system and skirt	\$35,680.52	\$1,500.00	\$7,110.52	\$1,500.00	\$7,110.52	\$52,901.56

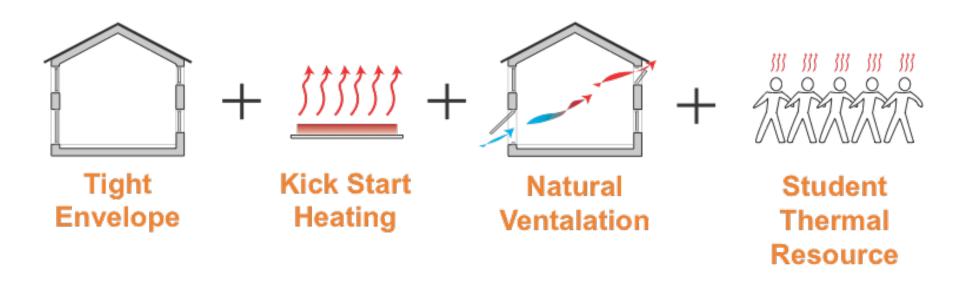

Orientation Strategies

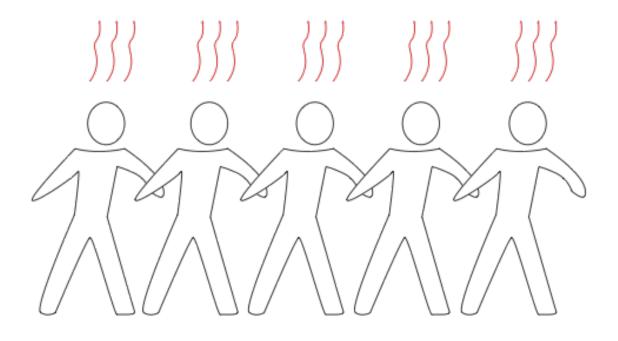

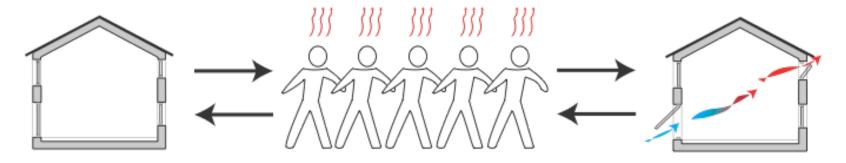

Whole Building Approach

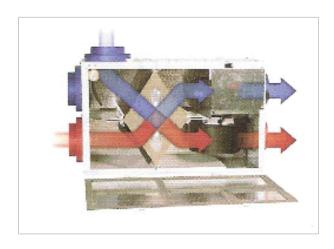

It's all about Body Heat

Thermal Balance

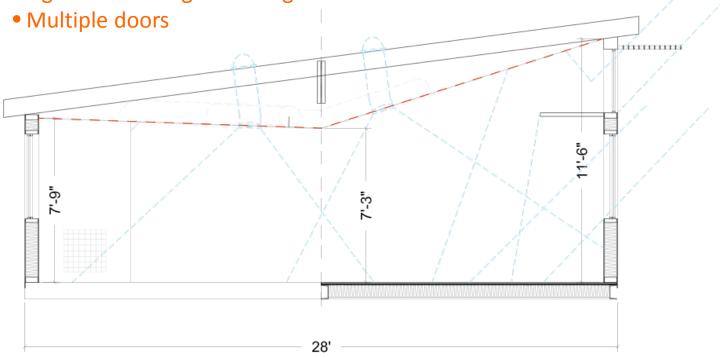

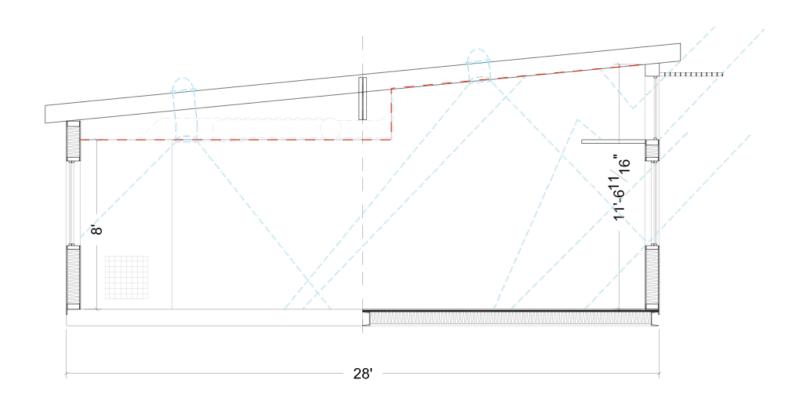

The Shed

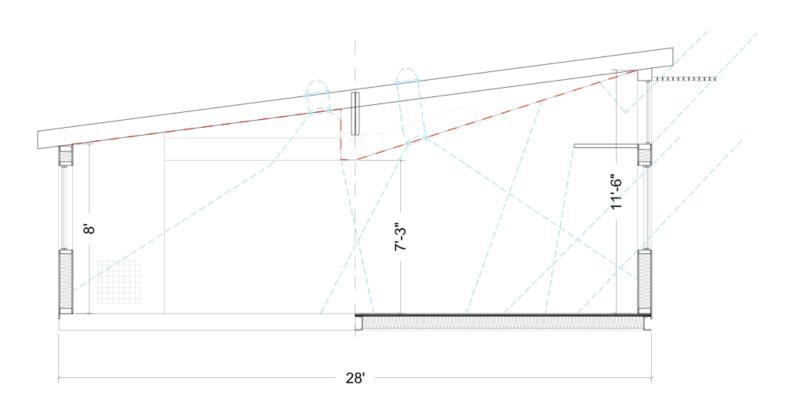

- One clearstory oriented South or West
- Light Shelf & Angled Ceiling

C

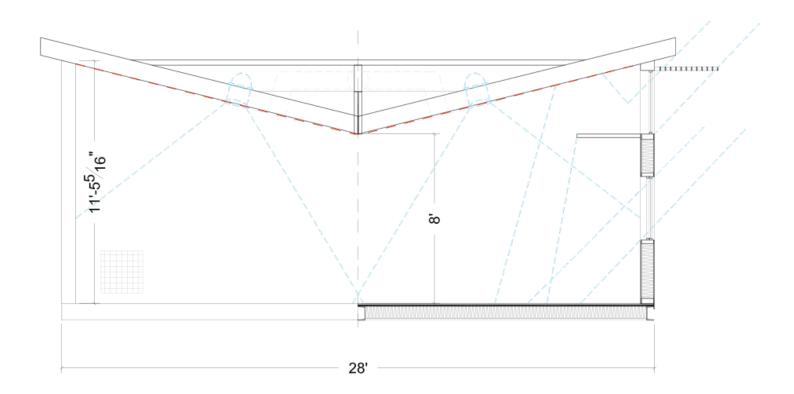

The Butterfly

- Double Clearstory
- Modular window treatment
- One entrance

The Gable

- Down size the existing HVAC
- Ease of constructability
