

Oregon Solutions-Columbia Levee Project  
**Technical Advisory Committee (TAC)**

Metro  
600 NE Grand Avenue Room 370  
October 20, 2014  
2:00-5:00 p.m.

**DRAFT Meeting Agenda**

**Objectives:**

- Determine:
  - Whether there are objections from any TAC members as to the methodology and findings of the Levee Engineering Assessment and
  - Whether there are other considerations to be made before the Assessment is finalized.
- Determine whether there is disagreement from any TAC member regarding the characterization of the railway embankment conditions as found in the Levee Engineering Assessment.
  - If there is no disagreement, then determine next steps for addressing the railway embankment issue.
- Provide an overview of the USACE Rehabilitation and Inspection Program (RIP)
- Determine next steps for recommending to the OST what additional flood levels should be modeled.
